Dear Bill:

I am enclosing a few pictures of the construction work that you are performing on Lot 3 in Williston Park Office Center. As you are probably aware, I am out in this development either in the morning or late afternoon, sometimes both. It is exciting to see all the activity and construction work. When developers like us it is exciting to be a part of the process and see a raw piece of property go through all the various steps and emerge into a beautiful mature development. It is like giving birth to a little one and watching him grow and mature. I personally thank you for all of your contributions.

You are a true gentleman and a real professional in your field, and it is a privilege and an honor to have an opportunity to work with you.

Cordially,

E. Everett Huskey
