Dear Bill:

There have been a great number of hurdles that we had to overcome to get my building completed. Many times I thought that I would never get there. You helped me through all these trying times and always found a way to redirect the project to get it through to completion.

I just wanted to thank you for all your help and patience. Your sincerity, skill and professionalism has made this project possible. I also would like to thank your staff who have been wonderful to work with. Chad, Mary, Glenda and Allen have all contributed their special skills and I am grateful to them all. It was a pleasure working with them.

The building looks great, thanks to all of you. I will be sending an invitation to our open house soon. Please come and visit now that the interior is getting a character of its own.

Gratefully yours,

Mojka Renaud, L.N./Dipl. Ac. (NCCA)
