Re: New Office Building

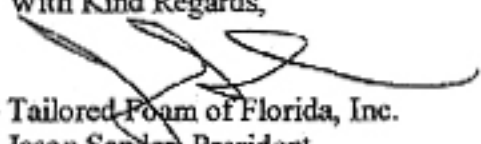

Dear Bill,

I want to thank you for the "gracious" refund check that Todd Sharpe presented me last Friday. I was shocked with the amount of the check.

I have run across many builders that may have had an "internal battle" prior to signing a refund check like ours. I sincerely appreciate your honesty and integrity.

I have thoroughly enjoyed working with Harkins Development on our prior two projects, and look forward to you breaking ground on our next building this fall.

With Kind Regards,

Tailored Foam of Florida, Inc.
Jason Sander, President

Core-Fill 500, manufactured by Tailored Chemical Products, Inc.
